Slight Wreck on the White River Railroad Near Gayville.

Two cars, one loaded with tale and one with lumber, were totally derailed and two other loaded cars were partially derailed and about 40 ties of the track torn up on the White River railroad above Gayville yesterday morning. The cars were part of an eastbound train, the engine and several cars of which finished the trip to this place, the engine then returning with the crew to assist in the task of getting the derailed cars back and repairing the track, a task which was not completed until early last evening. Passengers were carried entirely throughout the day by the four-seated Stanley steamers of the Cross-State Transportation company.

Mrs. Nettie Brown returned yesterday from a 10 days' visit in Norwich at the home of her sister, Mrs. Lowan Rogers. Charles Scott of Philadelphia, one of a group of eight Christmas tree choppers boarding at Mrs. J. W. Hatch's in Barre, cut one leg below the knee a glancing blow while at work Tuesday forenoon and Dr. O. V. Greene took seven stitches to close the flesh wound. The young man is being cared for at the sanatorium in this village.

Mrs. Josephine Lane, aged 84 years, was given a surprise reception yesterday afternoon at the home of Mrs. Josephine French, where she was visiting, in recognition of her birthday anniversary. Mrs. French served dainty refreshments. Mrs. Lane was given a sum of money and other articles, including flowers. ### AMUSEMENT NOTES

Oliver Morosco Had No Fears of the Number 13.

Oliver Morosco, the producer of "So Long Letty," which is coming to the opera house on Friday, Oct. 19, has no fear of the so-called deadly 13th.

It was on the 13th of August, sixteen years ago that he opened the Burbank theatre in Los Angeles with exactly \$30 in his pocket when the curtain went up. It was his first theatrical venture and has since proved a veritable gold mine and the producing plant from which "Peg o' My Heart," "Help Wanted," "The Unchastened Woman," "The Bird of Paradise," and all of his successes have come.

It was the 13th of July six years ago that "Peg o' My Heart" first saw the light of day on the Burbank stage and again the lucky 13 bobbed up when "Peg" reached New York.

January 13 two years ago proved the day when "The Cinderella Man" was first revealed to public view and which has since been one of the biggest hits of the New York stage, while on Feb. 13, three years ago, "So Long Letty" had its first performance.—Adv.

### HARD TO DISTRIBUTE COAL

Operators Agree to Help Government and Railroads Furnish Fuel to All.

Washington, Oct. 18.—Anthracite coal operators, representing most of the country's hard coal output, at conference with the fuel administration Tuesday pledged full support to the government in solving the coal problem. They agreed to make a representative to act as an assistant to the administration and a committee to represent the industry in all government dealings.

It was brought out that the mines have produced 8,000,000 tons more of anthracite than had been mined at the same time last year. All of the operators declared the most difficult problem is that of distribution. They promised to co-operate with the government and the railroads to furnish every consumer coal actually needed at government prices.
